## Impact

"It makes me appreciate the impacts that NOAA research can have on the arts, and how conservation can be shared in an innovative manner."

"Due to this seminar, I have knowledge of many additional resources that are relevant to my work."

"This seminar provided me with additional background knowledge for my science writing."

"The speakers offered some incredible insights into how I think about my work."

## Thank YOU for a great year!

We support and continue to support:

- NOAA Office of Inclusion and Civil Rights
- NOAA Environmental Leadership Seminar Series
- Women of NOAA Employee Resource Group (ERG)
