Who's Speaking?

This is where our 106 speakers in FY20 came from

What were they talking about?

This word cloud breaks down the seminar titles

Impact

"Allows me to **conduct library searches while teleworking**. I previously did not know about this service. Thank you!!"

"I am exploring initiating a citizen science effort in my agency. This **library seminar offered a lot of great insights and ideas!**"

"It will be a **major help in directing my current writing and collaboration efforts** to publish working reports."

"I shared this with my team as we have **been focused on becoming better scientific writers**. So, I hope this will be one more lesson to enable us all to be better writers."

"I will likely **explore one of the software packages used by the presenter** in her analysis"

Thank you to everyone for their thoughtful feedback and support for the Library.

*102.498% increase from FY19
