Morning Joe and Willie Geist just covered the issue in length and detail on MSNBC.

Seems to be everywhere.

This segment aired on her 9/9 evening broadcast on MSNBC. She starts off talking about the reason (and people) responsible for NOAA being in Commerce instead of Interior, then she expertly weaves the story. This is incredible journalism. I highly recommend everyone grab a coffee and watch it. She uses a snippet of Louis from NWA and quotes the EC all-hands message. She gives kuddos to NWS leadership for having integrity.

Thanks to Maureen for flagging this, as she caught it live.
