Julie,

I just got off the phone with Paul Schlatter with NWA.

He relayed that as of now there will be four media outlets at the conference: Washington Post, CNN, NPR Birmingham and a local broadcast station.

Media cameras are not allowed in the main room (however, people may still stream or record it on their personal devices). After his speech he said that media folks might attempt to do an interview with Dr. Jacobs outside of the main room.

Just wanted to bring this to your attention.

Charles
