Hi Julie and Stu, The flight at 8:10pm tomorrow to Huntsville is almost sold out and is pricing at an additional \$1,200; please advise. Also, the flight just before is the one they are already on and the 8:10pm flight is the last one.

Possibly need to determine the timeline for Tuesday tomorrow morning. Can you adjust the flight tomorrow to the later one and then adjust the return later if needed? I recognize that will be two sets of changes. I can't confirm right now the return flight time.

Kindest regards,  
Julie Kay Roberts

Recommend the senior team take the 8:10pm direct flight. Staff could take the one currently booked at 4:45ish. That allows a full day in the office if meetings are needed.

Stu will be traveling. We may need to adjust the timing for the WFO visit to earlier in the day. I will have information on the schedule tomorrow.

Julie,

I just got off the phone with  
Paul Schlatter with NWA.

He relayed that as of now  
there will be four media  
outlets at the conference:  
Washington Post, CNN, NPR  
Birmingham and a local  
broadcast station.

Media cameras are not  
allowed in the main room  
(however, people may still  
stream or record it on their  
personal devices). After his  
speech he said that media  
folks might attempt to do an

interview with Dr. Jacobs  
outside of the main room.

Just wanted to bring this to  
your attention.
