Katrina,

As you know, all track changes revert to "Author" upon hitting "save," so although I can specify myself in the comments, you wouldn't be able to distinguish my edits from the rest. So, I printed the document and provided edits/comments old school, and scanned back in. See attached.

Hello all -

Attached is a revised MOU with edits from water users and edits from the agencies based on the Principal's level call. Comments are provided to walk the water users through the agencies concerns. Please review this by COB Friday 9/22, as we hope to send it out to the water users on Monday next week.

Thanks,
