Tracy,

Have you revised the notes from the last meeting?

Do you have an agenda for this afternoon?

Anything Jeff and I need to do to prep?

Hello Tracy,

Garwin's and my comments to the draft notes for the Predation Reduction Sideboards are attached to this email. The afternoon of April 18 works for me too. I'll call in on the conference line number.

Hi, all—

During our discussion yesterday, we identified a number of “side boards” and some potential exceptions for shifting SWP pumping to Jones Pumping Plant for the purpose of reducing pre-screen loss of ESA-protected fish.

Please review the attached Word file as soon as possible, and send me any comments by COB tomorrow (4/4). We'll then meet with CVO staff, and we'll capture any new additions to these sideboards and exceptions in a Track Changes format.

We also discussed meeting again the week of April 16<sup>th</sup>. Right now, it's looking like Wednesday, April 18<sup>th</sup> at 3:00 will work for SWP folks. Will that work for you, Jeff and Garwin?
