**Subject:** Fwd: Reinitiation of consultation (ROC) on LTO  
**Attachments:** ProposedActionList\_20161213 (1).docx; BA\_Outline\_20161214.docx; Forwarded 12-16-16 ConsultationAgreement for ROC on LTO\_clean.docx

All,

In my end of my week updates that I sent out earlier today, I mentioned a Directors' meeting to discuss the reinitiation of the CVP/SWP operations consultations.

Attached is the Consultation Agreement for ROC on LTO that is currently being circulated around the Directors for signature.

Attached are also an annotated outline of the BA, and a proposed action list. The proposed action list is supplemented with the following additions.

- Pulse flows/ecological flows
- Passage program at Shasta
- Yolo Bypass actions
- CVP preferential pumping
- Changes to So Delta facilities
- North Delta Bypass flow studies and criteria
- San Joaquin corridor April-May actions (I:E)
- Changes to transfer windows
- Drought exception provisions/health and safety

Please do not compare the annotated outline with the proposed action list. They are not consistent, as there are some things in 1 document that aren't on the other. Feel free to send me an e-mail with additional items that could be added to the proposed action list. Reclamation indicated that there isn't a deadline for comments, but I want to make sure this doesn't fall through the cracks, so please send me any additions by COB Friday, January 6, 2017. A list is enough, and should be self-explanatory without the need for details or explanations.

Thanks.

-Garwin-

Good Afternoon,

In advance of Monday's Principals meeting at 1:30 p.m. in Reclamation's Bay Delta Office on the Reinitiation of Consultation (ROC) on the Long-term Operation (LTO) of the CVP and SWP, here are materials for discussion. Attached, please find an agenda, a proposed action list, and a biological assessment outline. These items are draft, intended to spark discussion, and are by no means intended to be final.

Please note, we are reserving 3:00 p.m. - 3:30 p.m. to discuss the Biological Opinion development for WaterFix since we will have the needed folks in the room.

Thanks for your time and looking forward to Monday's discussion. Please contact me with any questions or comments.

Michelle
