Hi everyone,

Below are the actions items from today's ROC on LTO Core Team meeting.

-Luke will add Harry and Mike to the meeting invite for March 2nd.

-Katrina will develop and send out an agenda prior to the March 2nd meeting.

-Katrina should update any specific Track meetings titles to include which Track # is involved.

-Luke will update Reclamation's ROC website with past scoping and workshops presentations/materials.

-Katrina will update some of the language mentioned in the Milestones Schedule handouts, as well as date each version as it is updated.

-The Core team agencies should provide any edits on the Milestone schedule handout to Katrina by March 6th.

-Katrina will identify which Track 1 ideas are specific to NMFS and/or USFWS.

-Armin will update the Species list to include specific rivers, additional species.

-Garwin will check on status of spring-run within the San Joaquin tributaries.

-The core team will respond to Katrina's doodle poll regarding the Sac River ROC Band.

-Garwin will continue to have NMFS' solicitor look at the decision support papers.
