Jeff,

Please add your track changes to the attached, then send back to Tracy's e-mail list.

April 18 at 3 p.m. works for me to call in.

Hi, all—

During our discussion yesterday, we identified a number of “side boards” and some potential exceptions for shifting SWP pumping to Jones Pumping Plant for the purpose of reducing pre-screen loss of ESA-protected fish.

Please review the attached Word file as soon as possible, and send me any comments by COB tomorrow (4/4). We’ll then meet with CVO staff, and we’ll capture any new additions to these sideboards and exceptions in a Track Changes format.

We also discussed meeting again the week of April 16th. Right now, it’s looking like Wednesday, April 18th at 3:00 will work for SWP folks. Will that work for you, Jeff and Garwin?
