Hi -

I re-read the summary I provided the other day and found a few minor things I needed to edit.
Please use this version if possible.

Thanks

Not to put added pressure on an already tight timeline, but I'd like to see the briefing before it is sent to Maria. The last meeting was a bit awkward for me when Jeff said he (and Reclamation) was pressured in coming up with an alternative to increase water supply, and Maria responded by saying that's not his job.

I'm still working on my Chinook summaries; probably won't be done to send out for review today. Jeff and Caren, thanks for your summaries and write-ups. Will still try to get few-page briefing doc together, perhaps with an optional attachment of the full summaries Jeff & Caren have prepared.
