**Subject:** Re: Additional ROC on LTO science for Reclamation -- repurposing some stranded docs?

Thanks. Good thought. I still didn't get around to thinking through Katrina's ask when I was on leave and pinging staff and other branch chiefs.

Garwin, Jeff and I prepared I:E ratio-focused bibliographies annotated in the Reclamation BDO-preferred format for a 8/3/18 ROConLTO Directors meeting. That meeting got cancelled and Maria was on leave so I don't believe those documents were shared with Reclamation (or at least not with BDO?).

The Oliver bus briefings have taken up a lot of my time this week so I haven't compiled any new "batches" of literature.

My recommendation, if you want to send another installment of information over to Reclamation, is to share those annotated bibs with Katrina. Will send a separate e-mail with the docs attached that you can just forward to Katrina.

Barb
