Katrina,

Attached is a memo reflecting CAMT discussions and responses to your May 4, 2017 document regarding input on ROC.

We realize this is a bit dated at this juncture, and that plans for ROC are evolving, but we thought it would still be useful for you to see the memo.

We will be discussing the memo with the CSAMP Policy Group on Thursday during our regular monthly call, and plan to have further discussions regarding ROC at the January CSAMP Policy Group meeting, which will be on January 31, 2018. Dave Mooney has agreed to help prepare a briefing for the January meeting.

Please let me know if you have any questions.

Thanks,

Bruce
