Good Morning Jeff,

I've made a few edits to the SDWSC section I'd like to add to the master Delta section. Norma is done working on refs in the doc for now. Do you want to review my edits before I insert? See attached word doc with SDWSC section only. Yellow highlight = ref to delete, green = ref to add.

Okay, I'll take another look at DWSC section and will chat with Barb about Perry figures. Thanks.

OK, I've sent the Perry figures to Barb yesterday with "unique numbering" so they can be inserted into the Delta section. Just not sure where we want them to go at this time. Those obscure references were related to the DWSC food study; the Army Corps, DWR, and USFWS fish migration recon studies.

Hi Jeff,

I sent Norma a couple of missing references and she has added them. I also had her delete a couple of obscure references. I'm not sure if they're the ones you were thinking of so if you have the specific ones in mind feel free to pass them along.

And please let me know if I can help with inserting tables, etc.

Thanks,  
Kristin

Morning Folks,

I have been going through the references in the Delta section and checking to see if they are in the end note library. I noticed that some of the references in the sections that you helped out with are missing. Also some of the references are pretty obscure - grey literature, reports etc. If you have the references as a pdf, we need to get those to Norma.

Thank you and have a great day!

Jeff
