Subject: Re: Agenda: ROC on LTO Fish Agency Coordination

Can you please also share this morning the I:E alternatives document and the fish passage water supply reliability paper? I definitely want Paul and Barry to have both of those in front of them.

Barry and Paul,

Attached is the agenda for our discussion on NMFS topics for LTO Biop coordination. We believe these are the top tier topics to bring to your immediate attention as we work through the proposed action with Reclamation. Looking forward to the discussion.

Howard
