Hi Jennifer,

My apologies, but given this meeting will most likely occur at 10am on the 20th, I need to revise the deadline for the 3TM to COB Monday, September 18th. Please excuse the miscalculation on my part.

Thanks in advance for helping us prepare for this meeting.

Best,  
Erin (for Alesia)

Hi Erin. I'll get back to you but can you clarify for the memo requested, do you want a 3TM or just a brief update (e.g., a paragraph or two)?

Thanks.  
Jennifer

Hi Barry and Scott,

I am in the process of scheduling a 30 minute meeting for Chris with the Assistant General Manager of the Metropolitan Water District of Southern California, Roger Patterson on Wednesday, September 20th. Mr. Patterson would like to discuss the BiOp for the California WaterFix and the re-consultation on long-term operations of the Central Valley Project and the State Water Project.

Will either one of you or your staff like to call-in to this meeting? If so, please let me know if there is a preference for 10am or 4pm ET.

In addition, please send me a brief memo summarizing the current status of the BiOp and consultations Mr. Patterson mentioned and any other relevant issues Chris should be aware of when meeting with this group by COB Tuesday, September 19th. Please let me know if you have any questions.

Thank you,  
Erin (for Alesia)
