See red, below.

I have an internal hold for a potential 2nd pre-meeting 12-1 p.m. on May 1.

Garwin,

One item to add to my previous questions - did you determine whether 12-1 on Monday May 1 might work for you and Maria as a backup secondary pre-meeting for the May 2 meeting?

Thanks,  
Jeff

Garwin,

A couple quick follow-ups on items 2&3 from your email:

For the May 2 workshop; based on your other email does it look like the John Fergueson funding mechanism is going to work out? **Correct. Not a done deal yet, but looks like it'll work.** If so I will hold off on pursuing our purchasing mechanism, otherwise I'll continue to work on it. Also - is that WebEx and call-in info for the May 2 meeting? **Yes** It looks like it's for your April 25 afternoon meeting, which may be different.

Regarding the June 22 meeting; we did check on the Cottage Way rooms; they were unavailable. We could try again for the BDO room, but may want to continue to look at other options. Any thoughts? **I don't know how much effort it was to set up the 4th floor conference room with prep for overflow in the BDO conference room, but if that's an option, we should do that again.** If not perhaps we can discuss next week. **We have a little time on this, and a fall back of the smaller conference rooms in our building. Still the unknown about how many will show up in person, and we won't know until the workshop, so we should keep looking, but not spend too much time on it.**

Thanks,  
Jeff

Prep for NMFS/Reclamation 4/27 planning meeting for Shasta workshop #2: Please send over the April forecast and temperature model runs by COB Tuesday, 4/25, so NMFS has a chance to review and chat about internally prior to the pre-brief with Reclamation on 4/27. We'll take what Reclamation has available, then you can supplement later as documentation/analyses are ready.

Shasta RPA amendment workshop #2 on May 5:

-- Facilitation: Mike Harty has a meeting conflict so will not be able to facilitate, but he is looking for someone else with Kearns and West to facilitate. If not, Anchor QEA may be able to accommodate our request for facilitation and notetaking (would have to fly down).

-- Pre-meeting with facilitator: Don't know if it will be Mike attending, but I think it could be a smaller group than our 4/27 afternoon NMFS/Reclamation coordination meeting.

Shasta RPA amendment workshop #3 on June 22:

-- Mike Harty is interested and will likely facilitate

-- We have 2 conference rooms reserved in our building (Huntington and Sonoma conference rooms), but they can only accommodate up to 30 people each, so I'm wondering if we should use that as plan B, and look elsewhere for a larger conference room. I seem to remember you mentioning the cafeteria at Cottage Way. Can you check?
