Garwin,

Yes, see:

<http://www.water.ca.gov/environmentalservices/csamp.cfm>

We don't post everything here, but it has significant docs like our annual reports, SST report, peer reviews and original filings to the court.

I've attached two additional docs that might be also useful, that aren't on the website, but should be:

1. CSAMP Purpose
2. Current Membership

Hope that helps. Let me know if you are looking for anything else in particular.

Bruce

Bruce,

Is there a website where CSAMP and CAMT efforts are posted? I'm at a reinitiation of consultation meeting and some folks asked if there is a repository of the CSAMP efforts. Thanks.
