OK -Federico - let's call this one good. I think we have learned more about each others preferences for how we say things! See you Monday.

Thanks, Federico. We are all mostly saying the same thing. It was getting hard to look at, so I accepted all changes except for the few areas that you will see in the attached, that I am hoping you can agree to. Give a call if you want to discuss.

Federico - Thank you. We discussed these this morning with Jeff R and Garwin, and then I had a good phone call with Dave Mooney this afternoon to see if we could capture more agreement on the biological side of the house. Here are my edits. Happy to kick these back and forth one more time tomorrow if needed. I think we are getting close.

Federico,

Here are the talking points that we drafted that we think reflect our staff level agreements to date. It would be good to get your, Jeff and Dave's high level comments on these soon.
