Subject: Shasta Workshop #4 notes status

Hi Garwin,

I wanted to let you know that I just got off the phone with Jeff. He said that his review of the notes that we sent over last month is on his radar and he will be getting me his comments shortly. I should be able to turn them around for distribution the same day.

I also saw the invite for the upcoming Temperature Planning Workshop on April 25. It appears that this workshop is being led by Reclamation, but I wanted to check with you to see if NMFS was involved in the planning and if there was any need for support that we could provide.

I will hopefully be sending you those notes next week. Have a great weekend!

Michelle
