Subject: Tech Team Members

Hi Jana, Garwin, Brooke/Anna -

We are trying to get all of the ROC Track 1 (PAWS) technical teams started. We had the SJR I:E one on Monday and it went really well and was very informative. We've sent out doodle polls for the rapid genetics one and predation already. We are still going to send out ones for the following topics below. Who from your agencies should we invite to each? Please let us know this week if possible.

- Fall X2
- OMR Storm Flexibility
- Smelt Monitoring
- Barriers (Georgiana Slough, etc)

Thanks,

Katrina Harrison
