**To:** Brown, Howard; Cathy Marcinkevage - NOAA Federal; Yip, Garwin  
**Subject:** ROC LTO American River Division Effects Analysis

Saved on drive, pen is down.

As I mentioned today:  
-it is not 508 compliant  
-updated figures from Reclamation need to be worked in, and associated text update  
-some of the exceedance plots need to have the without action scenario removed, and the y-axis re-scaled appropriately.

Let me know if you want me to work on those things, otherwise I will start focusing on the integration and sysnthesis for winter- and spring-run.
