And what about Brian's SR I&S section? He sent the draft version in yesterday morning.

Jeff,

FYI, I just sent to Maria the Delta effects section for initial review.

Please review the SRKW analysis(S:\Draft BiOp\2_ESA\2.5-2.6 Effects of the Action\Effects on SRKW), and then coordinate with Barb to send any comments back to Dan Lawson. I see that Susan has a partial review (file SRKW effects analysis V1--BB_partial.srb), so please coordinate with her to make sure she's done before you work on the file.

Please also review the Chinook salmon analysis (SRKW prey, S:\Draft BiOp\7_Appendices\Appendix SRKWprey), and coordinate with barb to send any comments back to John Hannon.

Thanks.

Maria,

Attached is the Delta section, along with separate files for the figures and tables.

My next priority is to (try to) sleep in, then I will review the revised Clear Creek effects section sometime "tomorrow," but Sarah indicated that it still needs a lot of work.
