**Subject:** Re: Clear Creek effects analysis

Garwin, see attached. (also saved on the R drive)

Rosalie's comments are addressed. I incorporated some of Kristen's too but she would like to continue her review to help with some of the concluding statements that I can incorporate. There are track changes for you to review and accept, but I know you don't have time. Can we ask Rosalie to only look at what she commented on?

Just discussing this Garwin, Rosalie's comments are addressed. Kristin is sending me her edits very shortly and I will finalize.

I'm checking the status of incorporating Rosalie's and other comments, and especially the effects table. I'm in a meeting through 5:30 p.m. and need to concentrate, so need to limit my back and forth. I'm hoping we're close to having comments addressed in track changes that I can send back to Rosalie soon for her final review and clearance.
