Subject: Re: Next steps on Delta (and American?) edits...for tomorrow or next week.

Barb and folks.

Reviewed the Delta sections with your comments and edits, Good job. Pretty much had similar changes to some of DOI's comment and edits, so no need to change what you already had. Did add some of my own comments below yours for an additional viewpoint. Caught just a few typos, but didn't really do a full review to catch typos, extra spaces etc. They are in track changes. Newest document is on share drive with my initials "2.5 and 2.6 Delta V14 MASTER--clean--revisedBB_Complete_JSS"

On to Question for Science Panel - Delta section.

Once comments are finalized; I can transfer over into the full V14 MASTER--track changes doc -- can do that tomorrow afternoon (unless more urgent tasks needed for peer review prep) or next week.

I should have cell reception until at least 5 pm today and again at 10am Sunday -- may have reception throughout. Call anytime. I will plan to log in at noon on Sunday and work on whatever is needed. Since I heard the discussion first-hand, I could take a stab at the American edits, though I know editing docs on Sunday afternoon is pushing it.
