Hi all,

Attached please find a revised Shasta RPA adjustments document (dated 1/7/17) that reflects agreements made during our meeting on Friday. Totally new text is in tracked edits. Both Brycen and I worked on this, so there are a few different colors--don't let that distract and please just read all the edited sections, regardless of color/author of the edits.

Please review new text (through page 19) and come to our meeting tomorrow (Monday) prepared to discuss any last changes you have to the wording that is new.

As a reminder the 'outstanding issues' document shows the agreements we reached on Friday---redlines in the RPA adjustments document are our attempt to capture changes discussed.

Also attached here, for reference, is the RPA Adjustment admin memo that Brycen spoke from on Friday, and I believe BOR folks requested to see.

Thanks and please let me know if there are questions.  
Christina
