Pablo (as Acting Regional Director) -

On Barry's behalf, I am transmitting the attached correspondence and NMFS proposed Shasta RPA amendment to the 2011 NMFS Biop. Please consider this proposed amendment as a draft, which we expect to be subject to further discussion and refinement. We appreciate the collaboration to date with Reclamation on this topic, and your agreement to implement a pilot approach for temperature management in summer of 2017. We look forward to further dialog with you, the other agencies, and stakeholders.

- Maria
