Subject: RE: Comments on the ROC on LTO PMP and Stakeholder engagement process

Thanks Katrina!

All – I wanted to make sure to let you know that Heidi Rooks is going to be our Program Manager for this effort. She will be developing a core team internally to support her, but for now she will be our point person and lead on this. I'm very grateful for Heidi's help with this effort – she will make sure DWR is able to stay fully engaged and will definitely help organize things on our end!

I'll stay as plugged in as possible, but won't likely be at many of the regular meetings given other demands here.

Thanks
Cindy

Hello Cindy -

Thank you for your comments. Yes, once all the comments are incorporated you will have a chance to review this PMP again. I aim to send out a revised version incorporating the comments (and any names you provide) next week, and we can certainly incorporate any thoughts from your Project Manager before finalization.

Thank you,

Katrina

Hi all,

Attached please find our comments on the draft PMP. As a follow-up to our discussion at the last core team meeting and after discussing with our acting director, DWR is onboard with being a participating agency in and signatory to this PMP so we have made edits to reflect this in the draft PMP. We can discuss the edits as needed. I still owe this group names in terms of the DWR team and hope to have this better resolved over the coming week.

No comments on the stakeholder plan at this time.

I'm assuming once all comments are incorporated we will have a chance to review this PMP again? I'm working on securing a Project Manager for this effort and would like this person to have a chance to see the PMP before it's finalized just in case they have any additional thoughts to add.

Thanks!

Cindy
