Katrina,

Thanks for the opportunity for one more review of the PMP. Sorry for the slight delay in getting back to you. See attached for my track changes for consideration.

On a side note, I got a bounce back from Chris Wilkinson on the NOI comments. Also, I changed the e-mail to Michelle from Reclamation to DWR.

Hello all -

Thanks for the good meeting yesterday.

As a reminder on our Project Management Plan finalization approach, please review the Project Management Plan and provide any last edits to me by COB Wednesday, 6/14. After consolidation of any last comments, I will send the PMP to Garwin and Garwin will start the PMP routing through his 6-level review process. Once it has made it through the NMFS review process and incorporated any edits, then the rest of the agencies will route the PMP to directors for signature.

Please also provide any edits on the Notice of Intent by COB Friday, 6/16.

Thank you,

Katrina

Hello all -

Attached is Reclamation's draft Notice of Intent to start our NEPA process, in case you would like to review.

Also attached is our draft Project Management Plan. It is included as a word document, in case you have any last edits, and also as a pdf with the attachments. As we will discuss today, we are hoping that we can all route this through our various agencies for any final review and signature over the next few weeks.

Thank you,

Katrina Harrison
