Maria and Josh attended the same...meeting/workshop/seminar...awhile back in San Francisco where the Australian approach was described, so you could probably ping Josh for details. I think our draft proposed Shasta RPA amendment has a reference to a PPIC report about that approach that I'll forward to you.

Garwin, Do you have something on the "Australian Approach"? I know we like to look at the Columbia River activities and I'm curious about what Maria means.

Thanks.
