Subject: Follow up on joint science and monitoring plan after SRS meeting?

Hi David -

I want to make sure the momentum is still there to pull together a joint science and monitoring plan, which you kindly volunteered to take as an action item after the SRS meeting last month. We are dealing with some changes in staffing, and I want to make sure we have this covered on our end. Is there a next step/follow up call scheduled? Perhaps Garwin is already in the know on this...

Thanks,

- Maria
