All -

I spoke with Federico this morning, and learned the following, as background for today:

- * he committed to get me a draft of the Biop clarification letter sometime next week
- * it's delayed on their end because the participation agreement discussions have taken a lot longer than anticipated.
- * we are not expected to attend the meeting on Monday starting at 1:00 with PWAs - the main purpose is reach closure on the participation agreement. We discussed logistics: Barry MAY be able to call in around 3:15. I am not available at that time, and Cathy should call in as Barry's back up. Federico will facilitate this on their end.
- * PWAs did want us to call in for a brief update status on the clarification letter. I asked him what he would recommend for our talking points, given that it is delayed. He said they would just be reassured by us reiterating our willingness to draft clarifying correspondence, based on the meeting we had in early August.

Barry, Maria, and Garwin --

Attached are materials that Barb and I put together to support Friday's noon Five-Agency Principals call. They include:

1. The agenda as sent by DWR.
("Draft Five Agency Principals Call _09062017")
2. The agenda with annotations by NMFS on item status and key messages.
("Annotated Agenda_Five Agency Principals Call _09062017")
3. Supporting documents referred to in the annotated agenda.

Sorry for the delay -- some of this is very late-breaking!

Let us know if you'd like to pre-meet in the 10 am - noon block at all (your schedules stagger a bit in availability). I am available.

Where: DCR 1103 / Conference Call - [916-574-2008](tel:916-574-2008)

We have been chatting among the five agencies and determined that there are two key topics that warrant discussion with agency principals:

- CWF: Updated on BiOp clarifications, relationship with ROC on LTO, and corresponding activities. (Reclamation)
- ROC on LTO MOU comments (USFWS, NMFS, DFW)

Thanks. This is a placeholder for the meeting. Conference and meeting room information will be added shortly.
