Subject: RE: ROC on LTO Core Agency Team, draft meeting notes 1/9
Attachments: Endangered winter-run Chinook salmon rely on diverse rearing habitats in a highly altered landscape Phyllis_et_al_2017_Biological_Conservation.pdf

Hi Luke,

I would like to add a couple things to the task list.

1. Bender 2012 – USBR send
2. Electronic copy of the 'ideas' spreadsheet – USBR send

Attached is a paper on winter-run Chinook non-natal tributary rearing which was an ask for a previous task list on providing data or studies on occurrences of listed species in other tributaries.

Thanks,
