Hi Jeff, Garwin,

Attached is the Final Draft of the Shasta RPA Science Work Plan, prepared for stakeholder review. After our meeting on Thursday, Josh provided a "Version Preface" to explain and direct any further review of the document, which has been included.

As I recall, Jeff, you had suggested that the Science Plan be included and sent out with other workshop materials, like the webEX information and a tentative agenda? It seemed like Maria was interested in circulating the Science Plan sooner rather than later to try and get the most feedback, but I also remember, Jeff, you saying that this week was very busy?

Garwin and Jeff, how would you like to proceed with circulating the attached Science Plan? Can I leave it to you, or would you rather I send it out to the Stakeholder Meeting #4 list of invitees?

Thanks,  
Evan
