Hi Garwin,

I haven't received emails on the ROC on LTO in a few months so I'm a little out of the loop. I asked Katrina for an updated schedule and saw that the deadline for a BO is Aug 2020, but there's rumors that the date may be bumped even further.

Here's an update on the Trinity side: Humboldt County has informed Reclamation that they plan to exercise their 1959 water contract under the 1955 Trinity River Division Act (Proviso 2) of "not less than 50 TAF" for fisheries benefits. Modeling of CVP diversion effects on the Central Valley side should factor in this request.

Please let me know of any key changes, and how we are gearing up for the consultation

Thanks,

--
